Friendly IT & Website Professional! Over the last 5+ Years
Successful Projects - I will help you develop the right product. On-time, on budget, with clear goals and KPI. Strongly believe in the documentation of EVERYTHING!

Expertise - Always ready to provide solutions and eager to try new things. Specialize in Wordpress, Website Development, Mobile Application Development, E-Commerce Website, Photoshop, HTML, CSS, Javascript, PHP, SEO, Social Media Marketing, Animation, Graphic Design, Shopify, Woocommerce and responsive web design.

Favorite Quote - "As we look ahead into the next century, leaders will be those who empower others"
- Bill Gates

Five things you should know about me as a FULL STACK WEBSITE DEVELOPER:
1) I carefully read every project description, visit every link and check every attached file.
2) I only bid to projects, I can deliver.
3) I ask questions about projects in order to better estimate cost and timing.
4) I am committed 100% to every project I work on.
5) I am trying to make my clients happy, so I can be happy as well.
