

Cyber Soft World

Address	Block 2, PECHS, Karachi
Contact Person	Abdul Hafeez
Mobile Number	03458215855
Email	info@cybersoftwareworld.com

We started Cyber Soft World for small size businesses, Peoples want low cost solutions within their need, like four to five pages website, as well as responsive website, they need small mobile apps, limited online ordering system by website and mobile app.

We have analyzed the market trend and gap between medium sized businesses and small businesses, We have analyzed buying power and peoples behavior about technology and their trend for using of technology.

We are providing Domain, Hosting solutions for small to large size businesses, we are providing very low cost .pk domain also.

We have also analyzed, so many peoples used Word-press, Joomla and etc with free themes and they did not handled its update after few days and face trouble in website after paying less amount for attractive website. We will minimize their issues by simple HTML base website with low cost. That website will not give you any trouble.

We are also offering, three to five pages website development and upload within a day after confirmation order.

We are I.T base company and providing consultancy for your business, You can contact us for any type of I.T base solutions. We have experienced team with skill and energetic persons. This is AHK Soft Project for providing support for your small business.
