Falcon Tobacco Company is a well-known private company that is well known in the tobacco and smoking industry for the past 40 years. During its long tenure in the industry, the Company saw many peaks and whales but the Company was successful in securing its presence in the Sector. Falcon Tobacco has won high business awards for its clear and ambitious, high-quality and vibrant vision and enjoys the status of being among the few leading Pakistani companies in the tobacco industry. The company is striving to expand its operations globally through an established distribution network in parts of Far East Asia, Eastern Europe, South and West Africa, Central and South Asia and the Middle East.

With internationally recognized brands, a fully integrated production facility and a wealth of knowledge and expertise Falcon Tobacco is well positioned to provide integrated tobacco and tobacco products. We have the best quality brands, private label cigarettes, filter sticks and other non-tobacco items in our portfolio. Our team of industry experts aims to present well-researched products after rigorous testing and integration of tobacco from around the world to provide the customer with the most valuable information. Falcon Tobacco Company has a strong base in its home country with a modern integrated production facility aimed at selling quality products for sale as well as a large and well-established network of sales and distribution.
