We welcome you into the manufacturing industry of agricultural products, ranging a wide spectrum of equipment which cater the needs of agricultural sector. Our Farm industry was established in 1990 to manufacture cheapest and top quality products to local farmers as well as to international customers.

Currently we are manufacturing high technology agricultural equipment for cultivation purpose, industrial equipment for commercial purposes which are being made according to top brands of tractors running in Pakistan like MASSEY FERGUSON, NEW HOLLAND, IMT and others. We also have specialization in making accessories for all types of tractors over the globe. We also make spare parts on order for tractors on suitable prices.

At present company is working in the city of Lahore, which is capital of agricultural state. Our mission is to provide valuable products to our customers at suitable price. Our mission is to provide all solutions relating to agricultural field.
