We at Moftak Solutions, take great pride in the work we have accomplished since the inception of our company. Our company has developed a reputation of developing a low cost, custom made (bespoke) product for a huge spectrum of clientele. Our custom developed E-Commerce sites allow customers to advertise and sell their goods and services to regional and international markets in multiple languages, locations, time zones, cultures and currencies. At Moftak Solutions we develop customized solutions for our clients, whether it is software development, web development, hosting or IP Technologies, we have proven to be one of the leading and fastest growing company of the region. Recently we got selected for Arabia 500 + Turkey (<http://www.allworldlive.com/arabia-500>), consequently we are officially identified as one of the top 500 fastest growing companies in Middle East, North Africa, Turkey and Pakistan. Followed by Arabia 500, we were identified as Pakistan Fast growth 100 winner (<http://www.allworldlive.com/asia-500/winners/2012-pakistan-100>). Moftak Solutions is ISO 9001:2008 certified company and currently undergoing for ISO 27001 certification. Our development team is based in Pakistan, however we also have a presence in United Kingdom and United States. We work as a family and each of our employee feel this way and take great pride in working for Moftak Solutions, in addition to this we have a unique ability to find talented and dedicated human resource. With our ability to train our staff and our enticing incentives we have created an extremely desirable workplace and have had very low employee turnover.
