INTRODUCTION:

MultiPEC a professionally managed manufacturing firm of packaging & production machineries, established in 1985. Our Highly motivated and dedicated management team with technical knowledge in related field provide top quality and latest technology based Multi Packing machines & fine quality (local & imported) material into local industry. Our innovated combination of resources is formulated to provide MultiPEC benefits for your business.

We provide Contract Packaging facility to the customers at their premises. We install our machines with packing materials and labor on piece rate basis.

SERVICES:

We are able to provide steady and reliable supply and our prices are extremely competitive.

We provide excellent products with unparalleled Service support and access to new packing technologies as and when they become available.

We also work on contract basis with various companies on annually, half yearly and quarterly basis to provide them at our level best backup support & service to maintain their production smooth and proper.

Our Motto is "Better Packaging, First Salesman",

MultiPEC ensures the commitment to obtain win-win situation.

We are sure that you will give us a chance to prove our worth and anxiously looking forward for your favorable response and hoping substantial volume of business in near future for our mutual interest and benefits.
