support@pkodr.com

Pakistan Online Dispute Resolution is an evolved form of Alternate Dispute Resolution which takes in all the elements of Alternative Dispute Resolution and combines it with the modern technologies that have helped break the barriers of justice and helped ensure that access to justice is maintained. PKODR is not a Rule of Law. Our mediators are not here to judge or make judgement against any party. PKODR only provides mediation services. We facilitate mediators. We love to reduce footprints in courts.
