Park View City is a housing society located in the heart of Margalla Hills. The housing society is one of the only residential societies in the area that have been granted a No Objection Certificate (NOC) from the Capital Development Authority (CDA). Park View City is owned by the famous Vision Group headed by Aleem Khan who is a senior leader of Pakistan Tehreek-e-Insaaf.

The society is directly connected with the current Kurri Road through Malot Road. This gives the society direct access from Islamabad's park road and makes it an easy 15 minutes drive to Islamabad Blue Area. Also, from the eastern end, the Simli Dam Road connects with Malot Road that gives the society easy access to BharaKahu and beyond.
