Pasha ranks high in sophistication and quality. We are four brothers who strive to give our patrons a product of the highest standard. We are inspired by the vision of our late father, Khawaja Amanullah, a well known and respected citizen, whose name was well recognized in his generation and was known for his integrity and knowledge.

The brand offers products that are a labour of love and the fabrics provide a unique blend of comfort and ultimate luxury. We deal in both stitched and unstitched products crafted with a lot attention to detail.

Some of the fabrics we deal in include, Cotton, Silk, Wool, Cashmere, Boski, Karandi, Malmal and many others. We offer stitched Shalwar Kameez, Kurta Pajama, waist coats along with unstitched fabric and the option to get your clothes made to measure. The offerings vary with the seasons and we have different products for summer, winter, spring and autumn.
