As the oldest continuously run educational institution, The Research School International remains committed to providing an academically rigorous education to students who will walk out of school ready for lives of leadership and service to their community. From literacy to learning and art, each day at the Research School is filled with activities that are both enriching and fun.

We strive to be committed to the students we are privileged to serve, our dedicated, talented faculty and staff in our alumni association. We also take pride in having the most active and helpful group of partners, visionary parents, well-wishers, alumni and friends.

Every day at the Research School International is like a blessing with the active students and talented staff members around.  
Principal

Our mission at [Research School International](#) is to develop the unique abilities and potential of each child by offering an enriched educational program. We strive for excellence through a hands-on approach. Rich traditions rooted in our innovative curriculum grow productive, caring, and intellectually curious citizens.

We have a culture that is modern, relevant and inspires students to have a brighter future. We are determined in our approach to learning, and creative thinking, and bold in our ambitions.

We, at Research School International, follow a child-centered educational approach. We make sure that it is based on scientific observations from birth to adulthood. We believe that a child is naturally curious and is capable of initiating learning in a supportive and thoughtfully prepared environment.
