SWEEK PAK PROFESSIONALS is the leading manufacturer, exporter, and supplier of sports equipment, sports apparel, casual wear, safety wear, motorcycle wear, leather products, badges, boxing equipment, gym and fitness products, MMA gear, martial arts uniforms, etc in Sialkot Pakistan since 1995. SWEEK PAK is registered, has National Tax Number by Govt. of Pakistan and Associate Membership of Sialkot Chamber of Commerce & Industry. Our Company is fully equipped with modern technologies and machinery along with a group of highly qualified and skilled specialists to monitor production at every level of order processing and to ensure timely execution at each stage of its production at very competitive prices. We are known for our quality, innovation, social sustainability, and compliance. We have a detailed system that starts from the Customer's order and ends at getting the goods shipped to the Customer. SWEEK PAK is synonyms to good quality, competitive price, just-in-time delivery, best ambiance, and convenience for sports businesses. We have manufactured all mentioned products for many renowned brands since last many years and we are exporting almost all over the world. SWEEK PAK has become a trusted name to its Customers for its exceptionally designed and professionally manufactured high-quality products. This has been achieved by continual hard work and drives for improvement throughout the Company. We have always believed in growth by availing all the legal opportunities. Since the beginning, we have remained faithful in our continuous commitment to provide the best product to the Customers. We have expanded our business to various countries in the USA, Europe, and the Middle East, these being our major markets. It is not only production that we are focused on, rather all the International Work Standards at the factory and health standards in the products are strictly observed. We have well competent sampling and advertising department which is enabling us to get the huge orders from overseas. We are applying International Quality Standard during the manufacturing process and have a good modern setup with skilled workers and strict 100% production control at different levels. SWEEK PAK is extremely proud of its modern production facilities and its dedicated staff. Our skillful workers make sure that quality is maintained at every step of manufacturing. Total satisfaction of our valued Customers is our prime goal. We are fully aware of the Customer's specifications, quality standards, and delivery schedules. By producing high-quality products, making timely shipments, and delivering efficient services, we have established a reputation of being committed to customer satisfaction. Apart from the variety in our catalog and web, we accommodate any Customer-advised specifications and modifications. The finest and environment-friendly materials are used in all phases of manufacturing to ensure the product meets the standards of excellence regarding quality and price. Our products and services are customized to meet the needs of each Client. We proudly represent all products and are strongly committed to full compliance with global human rights and labor standards as related to the manufacturing of all materials used in the production of our

products. The material used in the manufacturing of our products is pre-tested conforming to International Standards. We are specialized to produce branded and non-branded products. Quality and service are always a priority at SWEET PAK. Our shipping department is also well versed in the contemporary practices of the logistics and freight forwarding industries. We also have commercial representatives based in America and Europe to have close contacts with the Customers and also to offer a quick after-sales-services. We are constantly looking for opportunities to work with new people around the globe and are willing to make cordial business relationships with them. We warmly invite our Honorable Customers to visit us at our factory, where we may discuss some latest developments in our products based on the line of business the Client is currently operating. Else wise, if invited, we do take international tours for successful business meetings. We look forward to the pleasure of serving you soon.
