A Trip To K2 Base Camp Treks Karakorum Mountains Pakistan

In Every Year of June to September, we decided two Adventures Base Camp treks in Pakistan at the same time: our [K2 Base Camp & Concordia](#) and [K2 Base Camp & Gondogoro La](#). We plan to Start this adventure Journey at the same time But divided into two different groups. we move towards k2 base camp & Concordia and second group move towards k2 base camp & Gondogoro la. The path we decided to return back down Baltoro and the second group from Concordia would follow Vigne glacier and ascend over the Gondogoro La pass to Hushe village. After visiting the trek, both groups were advised to meet back up again in Skardu then travel together back to Islamabad. These K2 treks were led by Great Trekking Tours & Expeditions Services Providers Hunza Guides Pakistan.

Hunza [K2 Base Camp & Concordia](#) is a non-technical walk however for a large portion of this trek follows a moraine covered glacier. When groups back to Skardu feedback like this-this is not an easy trek. More skills required For this adventures treks The feedback received is this trek is more challenging than similar treks such as Trango Tower. So

every year's Thousands of trekking lovers move towards these treks according to our group experience We highly recommend K2 Base Camp to experienced trekkers who have trekked to high altitude in the Himalaya on a previous event and experience in the outdoors tours such as regular walking and hiking in the home country.

Whereas if you plan to join [K2 Base Camp & Gondogoro La](#) trek then mountaineering skills are required to cross this technical pass. At Hunza Guides, Is the leading trekking company in Pakistan Provides Not just a Trekking Tour Offer. Our Well trained team give you complete instructions in different time durations before the move to k2 base camp trek. Different sessions of trekking instructions guides sent through websites & emails. Gondogoro la trek is not easy but safety precautions of Hunza guides make your tour more enjoyable and risk-free. It is important for safety to have mountaineering skills and experience of previous high altitude treks before considering this trip.

Our K2 Base Camp groups arrived in Islamabad on July 30th and were lucky to fly to Skardu on 31st. It is worth pointing that in the past this flight has been unreliable and often canceled. If the flight is cancelled then we drive the Karakoram Highway (“KKH”) and spend the night in Chilas along the way. At the moment Foreign & Commonwealth Office ("FCO") to Pakistan advises against travel on the Karakoram Highway (“KKH”) and therefore at the point of booking we require a signed FCO Awareness Disclaimer from all clients. This document confirms that person joining the trip assumes and accepts the risks associated with travel against FCO advice.

K2 BASE CAMP TREK ITINERARY

Duration 22 Days Mxm Altitude 5650-M
Camping 14 Nights Grade Strenuous
Hotels 07 Nights Best Period June to September

We made one change on our itinerary for summer 2018 as we now have one night at Concordia on the way up and then on next day we shift camp up to Broad Peak Base Camp. This works much better as one can walk up to K2 Base Camp from Broad Peak Base Camp then back down to Concordia. Whereas in the past we walked from Concordia to K2 Base Camp in a day and this is a very long way on rough moraine covered glacier. In practice, this day walk is too far for most people and it is disappointing if the group cannot reach their objective of K2 Base Camp.

We at Hunza Guides make your trekking experience memorable. We have been arranging trekkings and expeditions in the Himalayan mountains and Karakoram mountains for the past 22 years. The list below shows a wide range of trekking options to choose from. We would love to hear from you if you have any query related to any of our services. K2 base camp trek and snow lake biao hispar trek are one of the most adventurous treks you will experience. We have learned to make it a beautiful experience for our clients. We are a well-known trekking and expedition company in the UK, USA, Thailand, Malaysia, France and many countries in the EU. Enjoy These Both Neighbouring treks [K2 Base Camp & Gondogoro La](#) and [K2 Base Camp & Concordia](#) with Hunza Guides Pakistan.
