

Founded in 2008, **Abroh** is an international company that deals in broad range of chemicals and other interior and

exterior décor products being utilized at both household and industrial level. With a wide range of products, **Abroh** serves its clients with latest innovative products and services while maintaining a commitment to quality, safety and sustainability. Therefore, **Abroh** has secured leading position in many end markets such as transportation, building & construction, household, industries etc.

At **Abroh**, quality is at the core of our success. It is an important part of our legacy, culture, and brand. We strive to run all processes reliably and to the desired targets while avoiding the costs of poor quality. We believe every team member has a role in delivering quality and reliability in products and services for our clients.

Abroh is headquartered in Lahore, Pakistan with regional offices in UAE and Malaysia. We warmly welcome any query from our valued clients around the world.
