Fiber Optics and Telecommunication O32196O6785 PRACTICAL TRAINING DIPLOMA IN SIALKOT BAGH MIRPUR LAHORE IN SIALKOT

IPATS Govt ZoneInstitute is committed to establish itself as a center of excellence in creating and disseminating knowledge, and to share the knowledge with others for betterment of the mankind. IPATS Govt ZoneInstitute is offering International Diploma and Certificate's from ABQC Awarding Body for Qualifications & Certifications United Kingdom. We provide International DAE Program in all Engineering fields, DAE Civil, DAE Electrical, DAE Mechanical, DAE Petroleum, DAE Oil and Gas, DAE Chemicals, DAE Auto Mobile, DAE Software Engineering will be on fast track. Our aim is to provide the state-of-the-art training facilities that will enable our students to acquire hands-on experience, an acute requirement in the professional world. IPATS Govt Zoneoffers International and Local Diploma and Certificate Program from ABQC international degree program such as Engineering, Management, IT, Business, Commerce, Accounting, Marketing, Finance, Civil, Electrical, Mechanical, Petroleum, Chemical, Software

Engineering, Electronics, Mechatronics, AutoMobile Diploma Courses. IPATS Govt ZoneInstitute is Affiliated with Govt of Pakistan and International Organization. (IPATS Govt ZoneINSTITUTE), take this opportunity to introduce ourselves as one among the leading institutes in Pakistan, imparting training in Nebosh IGC, Safety Officer, Iosh MS, Osha 30 Hours, Occupational Health and Safety, Petroleum Engineering, Oil and Gas Engineering, Civil Engineering, Computer IT, Mechanical Engineering, Civil Lab Technician, Primavera P6, Hydraulics, Drilling Engineering, Quality Control, Quality Assurance, Hotel Management, Event Management, Basic Computer, CCNA Networking, Mobile Repairing, Auto EFI, EFI Electrician, Auto Mobile, Mobile Software, Software Engineering, SAP Erp, Quick Books, Tally ERP, PeachTree, Accounting Diploma, Cheff and Cook, Civil surveyor, Land surveyor, Quantity surveyor, Auto-Cad, 3D Max, Revit, GIS, Rig & Reservoir Engineering, Business Management, Web development, Web Designing, Project Management, Risk Management Project Planning & Scheduling, Information Technology, Cyber Security, Structural Engineering Software and Computer Aided Design, Graphic Designing, Chemical engineering, A+ hardware, Laptop repairing, Post Graduate Diploma, MSCE course, Disaster Management, Human Resource Management, Air-ticketing, HVAC course, Medical sciences course.

IPATS Govt Zonehas introduced new courses Idiposh level 6 UK, Grad Iosh, Icertosh, Professional Shorthand course, Stenotypst course, QMS course, Quality Management system, Lead Auditor, ISO 9001-2000, Envoirmental Management System, OHSAS 18001 Occupational Health & Safety Management System, ISO 9001 Quality , ISO 14001 Envoirmental, Supply chain management.

Our Vision is to Lead on the educational front of the creative industry as the primary trendsetter and developing leaders in the industry capable of managing the massive change and challenges of the 21st century via creative solutions bringing Pakistan among the developed nations. The prime objective of the establishment of this college was to meet the demand of field Engineers/ technologists and Technicians for growing industry in the region. The college is under administrative control of TEVTA (Technical Education & Vocational Training Authority), Govt. of the Punjab.

Our Diploma and Certificate are acceptable and valid value's in different countries of the world (middle east, gulf, ksa, saudiarabia, oman, qatar, behrain, uk, usa, australia, newzeland, westindies, southafrica, sirilanka, malaysia, dubai, swedan, denmark, uk, paris, japan, china, hongkong). Every year thousands of the students referred from renowned Govt organizations like navttc, ntb, sdc, ttb, ogdcl, ptcl, navy, army, police, rescue, ndma, cda, lda, wapda, lesco, iesco, sngpl etc to IPATS Govt ZoneInstitute.

IPATS Govt Zoneinstitute is affiliated with Govt of Pakistan and we provide Govt registered fast track diploma courses in all over Pakistan. IPATS Govt Zoneinstitute is accredited with TTB(Trade testing Board), SDC(Skill Development Council) and International bodies. IPATS Govt Zoneinstitute provides the best quality education in technical vocational trades in one or two years diploma courses in three different tracks of education like regular classes (five days a week), distance learning process (students can prepare via two assignments), experienced based courses (with their 5 years experience letter of any relevant company). IPATS Govt Zoneinstitute affiliated with three technical boards of govt of Pakistan SDC(SKILL DEVELOPMENT COUNCIL)GOVT OF PUNJAB,TTB(TRADE TESTING BOARD) GOVT OF KPK, TTPC(UNDER THE SKILL DEVELOPMENT ASSOCIATION) GOVT OF PUNJAB. Weekend Classes also available for all technical courses.

The institute has big technical labs, libraries, furnished classrooms with multimedia, centrally air-conditioned facilities, large playground and cafeteria, communication system, executive hostel, facilities with lavishing mess, students from different cities of Pakistan are enjoying their education in IPATS Govt ZonePakistan.

****HOSTEL AND TRANSPORT FACILITY AVAILABLE ****For Registration of courses Contact Us at**
03219606785 Students from different cities can apply for Admission

Gilgit, Skardu, Ghangche, Shigar, Astore, Diamer, Ghizer, Kharmang, Gultari, Rondo, Hunza Nagar, Gupi, Islamabad, Azad Jammu and Kashmir, Muzaffarabad, Mirpur, Bhimber, Kotli, Rawlakot, Bagh, Bahawalpur, Lahore, Bhakkar, Chakwal, Chiniot, Dera Ghazi Khan, Faisalabad, Gujranwala, Gujrat, Hafizabad, Jhang, Jhelum, Kasur, Khanewal, Khushab, Lahore Safety Course, Layyah, Lodharan, Mandi-Bahuddin, Mianwali, Multan, Muzaffargarh, Nankana Sahib, Narowal, Okara, Pakpattan, Rahim Yar Khan, Rajanpur, Rawalpindi, Sahiwal, Sargodha, Sheikhpura, Sialkot, Toba tek Singh, Vehari, Attock, Taxila, Wah Cantt, Rawalpindi, Balochistan, Khyber-Pakhtunkhwa, Punjab, Sindh, Gilgit Baltistan, Turbat, Sibi, Chaman, Lasbela, Zhob, Gwadar, Nasiraba, Jaffarabad, Hub, Dera Murad Jamali, Dera Allah Yar, Khyber-Pakhtunkhwa, Peshawar, Mardan, Abbottabad, Mingor, Kohat, Bannu, Swabi, Dera Ismail Khan, Charsadda, Nowshera, Mansehra, Karachi, Hyderabad, Sukkur, Larkana, Nawabshah, Nanak wara, Mirpur Khas, Jacobabad, Shikarpur, Khairpur, Pakistan.

Safety Officer Course, Safety, Training

IPATS Govt Zoneinstitute is the most passionating and demonstrating institute which provides Occupational health & safety in Pakistan. At IPATS Govt Zoneinstitute we always focus that Health and Safety is always more attentive and observant subject. IPATS Govt Zoneintention is to provide you better education training so you can understand properly Principle of health and safety, in order for you to participate in and implement effective measures in the Workplace. We deliver best Occupational health and safety training in Rawalpindi, Islamabad, Pakistan. IPATS Govt Zoneinstitute provide chance's to fresh students who require an understanding of workplace health and safety principles and practices and wish to pursue their career in Occupational Health and Safety in Pakistan.

Petroleum Course, Oil and Gas, Rig Drilling, training Course

IPATS Govt Zoneprovide top quality technical education and training about Oil and Gas, Petroleum engineering in rawalpindi, islamabad Pakistan. This course is designed for students to learn about Petroleum and get specialist in Drilling, Well Logging, Economics, Petroleum Geology, Oil Reservoir Production, Gas Reservoir Production, Well testing, Quality, Health, Safety & Environmental Management System and also more detailed classes like Rock Mechanics, Wellbore Design, Drilling and Production Equipment, Drilling Fluids, Drilling Technology, Well Completion and Workover. IPATS Govt Zoneprovide technical education and complete training to our students so they get look at the filling parameters in conjunction with formation analysis in order to provide recommendations to improve drilling rates, reduce costs and enhance safety. IPATS Govt Zoneprovide Petroleum , Oil and Gas course in Rawalpindi, Islamabad, Pakistan.

Whatsapp: 03219606785, 03035530865

Civil Engineering Diploma course, Civil, Quantity, Surveyor Course, AutoCAD training Course

This is qualified engineering authority that deals with the plan, structure, and maintenance of the mentally and logically built surroundings, including work, like dams Bridges, Canals and building structures. This is the second oldest engineering authority after Military engineering. Civil engineering includes studies or activities in connection with fixed works for irrigation, drainage, waterpower, water supply, flood control, inland waterways, harbors, municipal improvements, railroads, highways, tunnels, airports and airways, purification of water, sewerage, refuse disposal, foundations, grading, framed and homogeneous structures, buildings, or bridges. Civil surveyor Training centre in rawalpindi, islamabad, Pakistan. IPATS Govt Zoneprovide proper technical training in Field Work, Auto level Practical, Theodolite practical, Total station, Free GPS. IPATS Govt Zoneprovide Govt registered Certificates,

Diploma in Rawalpindi, Islamabad, Pakistan.

.

Computer,IT,Web Designing,Web Development,Software,training Course

IPATS Govt Zoneinstitute aim is to empower the youth with the powerful weapon that is computer science by providing some exceptionally good computer courses that will enhance their skill set and lead to terrific job opportunities. IPATS Govt Zoneprovide outflank training in Computer IT Course, DIT Diploma in IT, PGD-IT post Graduate diploma in IT, Basic Computer, MS Office advance, A+ Computer Hardware, Networking, CCNA, Web Development, Web Designing, Software Engineering, C++, C#, Java, Sql DataBase. Our institute provide computer IT course in Rawalpindi, Islamabad, Pakistan.

This course is a complete package of knowledge and skill, we assure you that if you get training from our institution you will never have any doubt or question in your mind regarding your course because we deal in comprehensive and easy to understand contents in the course. We have well qualified, professional and experienced trainers. Health and safety officers ensure that the organisation they work for follows health and safety regulations to provide a safe work place. They aim to prevent injuries, accidents and health problems. We also offer short safety courses training like NEBOSH International Certificate course, IOSH Managing safety course, IOSH working safety course, CIEH Principal of Risk Assessment course, OSHA 30-hour General Industry course, OSHA Oil & Gas course, Basic fire fighting course, Certified Safety officer course, confined space Entry course, Conversational Arabic course, Defensive Driving course, Desert Driving course, Electrical Safety course, Emergency Response and crisis Management course, Emergency Response and Reporting course, Environmental Awareness course, Excavator Safety course, Fall Protection course, Fire and Emergency Response course, Fire Extinguisher course, Fire Warden course, First Aid course, CPR& AED course, Gas Testing course, Hazard Communication (HAZCOM) course, HAZOPs course, Health & Safety in Construction course, Health and Safety Induction course, Incident/Accident Investigation course, Industrial/Occupational Hygiene course, Laboratory

Safety Training course, Loader Safety course, Lockout/ Tagout (LOTO) course, Machine Safety course, Manual and Mechanical handling course, Permit to work PTW course, Personal Protective Equipment course, Process Safety Management course, Rescue at Height course, Respiratory fit Testing course, Respiratory Protection course, Rigging Supervisory course, Risk Management/Job Hazard Analysis course in Rawalpindi.

Course Contents of Safety Officer and Safety Inspector Course

1:Health & Safety Management System.

2:Health & Safety Policy.

3:Risk Assessment.

4:Controlling Risk.

5:Inspections.

6:Emergency Response Plan (ERP).

7:Rig (Oil & Gas) Safety.

8:Fire Safety.

9.Construction Safety.

Electronic Fuel Injection (EFI) course in Rawalpindi, Islamabad, Pakistan. EFI electrician course in Rawalpindi, Islamabad, Pakistan. EFI diploma course in Rawalpindi, Islamabad, Pakistan. Electronic fuel injection system course in rawalpindi, islamabad, pakistan Government Recognized 1 Year & 2 Years Diplomas in IT, HVAC systems, Technical, Safety , Management. Electronic fuel injection (EFI) is simple, in theory. The design goal for an EFI system is to deliver the correct air fuel ratio for varying load, speed and temperature. Most modern EFI systems are

incorporated in an ECU which also controls the ignition system, and may control many other functions such as anti-lock brakes, traction control systems, the transmission, etc. A fuel injection system itself consists of a source of pressurized fuel, fuel injectors and the electronic controller. The fuel system is composed of the fuel tank, a high pressure pump, and some method for regulating fuel pressure. The injectors can be thought of as electrically operated valves. The amount of fuel delivered to the engine is determined by size of the injectors, the amount of time that the injectors are open, and on the fuel pressure. The electronic controller determines how much fuel is needed and commands the injectors to remain open for the necessary amount of time to deliver the needed fuel volume. The amount of time that the injector is open is called the pulse width and is usually expressed in milliseconds (one thousandths of a second). A simple EFI system can operate fairly effectively with just these three inputs. However, many systems include additional inputs from the following types of sensors. Most sensors are of one of two types. Some are simple on-off switches or counters, such as a gear indicator or tachometer. Most measure continuous variables like temperature or airflow. Fiber Optics Course (Specialization)

Telecommunication Engineering Diploma in Rawalpindi Pakistan 03035530865

Module 01: Basic Electricity

Module 02: Basic electronics

Module 03: Telecommunication Fundamentals

Module 04: History of Fiber Optic Technology

Module 05: Introduction to Fiber Optics

Module 06: Light Propagation through Optical Fiber

Module 07: Classification of Optical Fiber and Optical Fiber Cables

Module 08: Optical Fiber Cable Installation and Restoration

Module 09: Jointing, Splicing & Connectorization
Module 10: Testing and Fault Localization of Optical Fiber Cables
Module 11: Computer Application

Module 01: Basic Electricity

Electricity

Electrical Measuring Instruments

Electrostatics

DC Fundamentals

Batteries

AC Fundamentals

Transformer

Module 02: Basic electronics

Semiconductors

Diode

Rectifiers

Number System

Logic Gates

Module 03: Telecommunication Fundamentals

Definition and concept

Major parts of a telecommunication network

Transmission modes

Transmission methods

Voice Transmission System

Transmission techniques

Module 04: History of Fiber Optic Technology

First optical communication

Invention of Optical telegraph

Development of fiber optic image scrambler (1954)

First fiber optic company "MOSAIC FABRICATION"

Demonstration of LASER

Fiber optic decades

Module 05: Introduction to Fiber Optics

Structure of optical fiber

Advantages of optical fiber

Disadvantages of optical fiber

Symbols and terminologies used in optical fiber industry

An overview of optical fiber applications

Module 06: Light Propagation through Optical Fiber

Concept of light

Nature of light

Light windows

Index of refraction and refraction of light

Methods of optical confinement

Transmission losses

Module 07: Classification of Optical Fiber and Optical Fiber Cables

Classification of optical fibers on the basis of fiber optic material

Classification of optical fibers on the basis of propagation methods

The Classification of optical fiber Cables on the basis of cable core structure

Classification of optical fiber Cables on the basis of area of application

Module 08: Optical Fiber Cable Installation and Restoration

Guidelines for optical fiber cable installation

Types of cable installations

Handling of optical Fiber cable

Duct Installation

Direct burial

Methodologies for the establishment of optical fiber cable links

Air Blown Fiber (ABF)

Methodologies to install aerial cable

Laying of submarine cable

Restoration of Optical fiber cable

Safety

Module 09: Jointing, Splicing & Connectorization

Fiber optic jointing methods

Splicing

Preparation and cleaving of optical fiber cable

Types of Splicing

Mechanical splicing

Fusion splicing

Single fiber fusion splicer

Fusion splicing technology

Optical fiber connectors

Connectorization methods

Common single mode & multimode connectors

Fiber Optic connector polishes

How to protect the splices?

Termination techniques in OFDFs

Types of OFDFs

Module 10: Testing and Fault Localization of Optical Fiber Cables

Introduction (Test & Measurement Techniques)

Types of testing

Fiber optic test equipment

Optical Time Domain Reflectometer (OTDR)

Fault localization in optical fiber cable

Module 11: Computer Application

Introduction to Computer: End-User Point of View

Word Processing

Spread Sheet

Presentation

SELF LEARNING & REGULAR BASED COURSES Kuwait O3035530865

There is a major difference between a short course/diploma and

a degree. Basically short courses or diplomas cover a specific

study field and the institutes normally cover these courses and diplomas in shorter period of time as compared to the proper degrees.

There are large numbers of educational institutes in Pakistan which are offering short courses and diplomas for the students.

The selection of the short course and a diploma completely relies on the choice of student.

Normally the students prefer to get admissions in those short courses or diplomas which prove beneficial for them in their professional life.

Some famous short courses offering by the educational institutes of Pakistan includes: computer networking, disaster management, information technology, hotel management, HRM, international relations, accounting and finance, telecommunications, web management and web designing, broadcasting, accounts management, web development and many others.

The admission criteria set by the educational institutes for all the courses is almost different from one another.

Students who wish to get admission in any short course offered by well-known educational institute are required to go through this guide. As here we have provided all the data relevant to

the short courses and programs in Pakistan along with universities
